AND PUBLIC HEALTH
With your assistance, ICPH continues

Dr. Barun Sarkar

Dr. Barun Sarkar is the Founding member of the Medical Intervention Team e.V., Frankfurt, Germany and leads its executive board. He has also been part of the Faculty team for the Specialist training and served as a Research Associate at the Department of Otolaryngology, University of Heidelberg for Prof. Dr. Hagen Weidauer.

After high-school graduation (Abitur) at Goethe-Gymnasium in Frankfurt and compulsory military service at the German military (Bundeswehr), Dr.Sarkar studied Human Medicine at Johann-Wolfgang-Goethe-Universität Frankfurt. He has completed additional studies in the US and India. He graduated from the Prof. Dr. Rainer Klinke - Center for Neurophysiology with focus on Neuro- Physiological Signal processing.

Dr. Sarkar along with the MIT team annually visits Myanmar (Burma) for surgical treatment of vulnerable children with cleft lip and cleft palate. This is a charity mission and has been widely recognized for its quality and delivery. The MIT team has also been recognized for significant humanitarian assistance for the war affected people of Ukraine. He is also currently piloting a 'children-centered' public health partnership with Shanti Ashram's International Center for Child and Public Health & the PSG Institute for Medical Sciences and Research.

Member of Polytechnische Gesellschaft Frankfurt (Polytechnical Society), a foundation established in 1816 by members of the Frankfurt civil society to enhance the empowerment the social mobility of all classes of society by education and the ideas of the age of enlightenment. Self-determination through life-long education is core idea of this foundation. The foundation's capital stock is around 500 Million Euro, and is thus one of the strongest of all civil foundations in Germany.

His membership in professional bodies include:

- German Society of Otolaryngology, Head and Neck Surgery
- Fellow of the American Academy of Otolaryngology, Head and Neck Surgery
- Executive Board of the Medical-Intervention-Team e.V.
- German Society of Sleep Medicine (DGSM)
- German Society for Allergology and Clinical Immunology (DGAKI)
- The Professional Association of Otolaryngology
- Professional Association Emergency Medicine Frankfurt
- Medical specialists for the Frankfurt Opera and the English Theatre
- Aero-medical cooperation as "Flying Doctors" for Lufthansa and PPL-owner

The International Center for Child & Public Health and the PSG Center for Research and Bioethics have the honour of having Dr. Barun Sarkar as the speaker for the 4th edition.

GLOBAL CLASSROOM

— Building Communities - Promoting Health —

The 'Global Classroom' has been initiated for like-minded professionals to come together, invest their time and intellect in building empowered and healthy communities.

Through this innovative series for professional education, we intend to invite a leading global expert annually, to share their innovations, challenges and learning. Technology will animate this expanded classroom where the audience will include public health practitioners, academicians, physicians, nurses, innovators, entrepreneurs, researchers, and other professionals grappling with solving today's challenges for a healthier and happier tomorrow.

an oration on*

THE CONTINUING SOCIOPOLITICAL IMPACT OF COVID 19 ON THE HEALTHCARE SPECTRUM IN GERMANY

by

Dr. BARUN A. SARKAR

Chairperson, Medical Intervention Team

Date & Time

Wednesday, 15th March 2023 | 3.30 pm

Venue

PSGIMS&R Auditorium

PSG INSTITUTE OF MEDICAL SCIENCES AND RESEARCH

PSG Institute of Medical Sciences and Research (PSG IMS&R) is a premier institute of PSG & sons' Charities Trust (one of the oldest in the country). The trust was established in the year 1926 to bring in social changes through education, and nurtures about 30 educational institutions with a strong record of academic credentials and research.

PSGIMS&R, since its inception in 1985, serves as an integrated centre of medical education, training, development and research. Apart from offering training in undergraduate, and various postgraduate disciplines, the Institute has constantly focused on research both in education and biomedical areas.

To promote quality research among faculty and students, PSG Centre for Research and Bioethics was established under the aegis of PSGIMS&R in 2015. As part of its capacity building programs, the PSG Centre for Research and Bioethics in collaboration with ICPH, Shanti Ashram is organizing the Global Classroom 2017.

Let there be charity, so that others can share my family's prosperity.
PSG Founders Vision

INTERNATIONAL CENTER FOR CHILD AND PUBLIC HEALTH (ICPH), SHANTI ASHRAM

Dr. M. Aram, the founder President of Shanti Ashram, conceptualized and regularly led the thinker's forum to reflect on Gandhiji's vision of Sarvodaya and ways to realize it in today's world. This nurturing space for thinking and working together is still valued and invested upon at Shanti Ashram. While the dedicated full-time staff, with nearly 232 institutions form part of the Ashram's partnership platform today, our convening role for development practice and policy is ever more significant.

Building on Shanti Ashram's 36 years of dedicated service and long standing local and global partnerships, ICPH envisions:

1. Creating an innovative model of promoting community health by integrating primary care with public health
2. Strengthen an integrated approach to service delivery, from interventions focused on providing a healthy start to life, partnering with children themselves to realize sustainable solutions, and empowering the ecosystem in which development takes place.
3. A core focus on using technology and data, local and global, to drive innovative practice and evidence-based research.

ICPH is an innovative model of integrating primary care with public health, where the best of global knowledge steers our comprehensive interventions for children. Our service footprint: 1,40,000 vulnerable children and families.

Giving every child a healthy start to life is our sustained vision at ICPH.
The Founding Vision at ICPH
